## Musician in Residence Program

with **Michael Hawn** May through August 2016

The Centre for Music Liturgy and the Arts is inviting congregations to apply for their 2016 Musician in Residence program with Professor Michael Hawn, and here is a Q & A that might help you discern if this something your community would like to participate in.

### What is a Musician in Residence Program?

It can be many things, but at it's most basic it is a week (from Sunday to Sunday) in which a musician comes into your community to be a part of it and work for and with you on a project of your choice.

### Who is Michael Hawn?

Michael is a wonderfully generous teacher and musician that has had a lifetime of thinking about, writing and engaging in church and sacred music as University Distinguished Professor of Church Music and Director of the Sacred Music Program at Perkins School of Theology, Southern Texas University, USA.

He is well known throughout the United States in the areas of children's choirs, congregational song and worship and a frequent contributor to church music periodicals in the areas of church music education and hymnology. As a student of global music and cross-cultural worship he has travelled extensively, most recently to Russia and China. His most recent book is *New Songs of Celebration Render: Congregational Song in the Twenty-First Century* (GIA Publications, Inc., 2013).

### What kind of project can it be?

That is entirely up to you and your creativity. Definitely use Michael to enhance and encourage your church music but CMLA would suggest that this can an opportunity to be of service and engage with your broader community. For instance, if you know that there are choirs that rehearse in your area, ask them if they would like to have a teaching or singing session with Michael; ask your local music teachers if they would like to organize a Masterclass: would the CPCW at your local school like to have a lunchtime music experience session; could this be a opportunity to further your ecumenical relationships?

### Who can apply?

Any Uniting Church congregation – rural and remote and Culturally and Linguistically Diverse congregations are encouraged to apply.

### Is there a cost?

Yes, congregations are asked to contribute to a living wage for Michael (about \$200), however if this is a serious impediment for your community please contact CMLA and talk to the coordinator.

### How do you apply?

Simply fill in the application form that is available on the CMLA website at <http://cmla.org.au/pdf/Hawn2016Brochure.pdf>

Applications close at the end of November.
